TECHYON 2K22 & MINDSPARK 22

## Game Development Workshop

### EVENT DETAILS

#### DESCRIPTION

*Python is used in game development because it's an incredibly versatile and powerful programming language. It makes many of the most common tasks associated with game development quick and easy to accomplish — and there are lots of resources to help you learn how to use it effectively. Furthermore, Pygame is a good framework for rapid game prototyping or for beginners learning how to make simple games.*

*Join us as the Department of Information Technology, PCCE hosts a two-hour hands-on session on Game Development using Python exclusively for the first-year students.*

#### CONDUCTED BY:

*Mr. Shivam Konkar (TE-IT)*  
*Mr. Clyden Pacheco (TE-IT)*  
*Mr. Aafil Shaikh (TE-IT)*
