TECHYON 2K22 & MINDSPARK 22

Talk: Robotic Process Automation EVENT DETAILS

DESCRIPTION

Robotic process automation (RPA) is a software technology that makes it easy to build, deploy, and manage software robots that emulate humans actions.

Join us as the Student Unit of Information Technology Department (SUIT), PCCE organizes a talk on Robotic Process Automation open to all the students and faculty of Padre Conceicao College of Engineering to learn about the possibilities of this evolving technology.

ABOUT THE SPEAKER:

*Mr Rishav Pandey
Senior RPA Developer
Tangentia*
